BARBOURVILLE, KY., FRIDAY, MAY 23, 1919

ONE DOLLAR AND FIFTY CENTS A YEAR IN ADVANCE

UNION COLLEGE

The Commencement Program at Union College this week opened with excellent numbers.

Friday, May 16th the Sub-Academy recital by the younger children under the able guidance of Miss Campbell, proved to be a revelation of what may be done with little ones.

Saturday night Prof. Ahler's Orchestra surprised the large crowd present at the play, given for the benefit of the Athletic Association, by the excellence of its technique. Miss Brady's reading of "The Travelling Man" was heartily applauded.

In "The Neighbors" Grace Kennedy, with husky hands and tongue, made a fine Mrs. Abel. Roberta Cole, her aches and pains and droll manner of speech, made a hit. Virginia Hunter showed the vigor and dash of a woman accustomed to throw life's troubles out of her way. Daisy Robison was all girl, having a sweetheart, Allen Tuggle, who got the crowd with his impersonation of one whom love had made dumb or foolish. Nell Jones played Grandma with a quiet sureness and delicacy. Dora Sampson, as Mrs. Ellsworth played her character very sympathetically. Horace Barker, as Ezra, barked us men out, but came to heel very nicely, as men do when in the hands of their women folk.

SUB-ACADEMY PROGRAM

Plenished Interested Crowd

The above program was rendered at Union College on Friday evening and was a splendid evidence of what is being done among the younger members of the Conservatory of Music. It was wonderful to see the little tots from two to six years of

age intelligently perform their parts in singing and playing. A most interested and delighted audience encouraged the participants in the entertainment.

ALUMNI AND ALUMNA

Will Meet at U. C. on May 26

All graduates of Union College Academy are requested to meet in the Chapel of the College Monday morning of Commencement week, May 26th, for the purpose of organizing a permanent Alumni Association. Such an organization will go far toward cementing our school day friendships and our loyalty to our first Alma Mater. We urge that every U. C. alumnus and alumna be present. Don't forget the time, Monday morning at 10 o'clock.

PIANO RECITAL

Monday evening Mrs. W. S. Hudson and Miss Laura Wilcox gave a piano recital in the U. C. Chapel. The many friends proved an appreciative audience. This program was a rare treat to music lovers and showed the ability and wonderful mastery of technique of both performers.

LOCAL RED CROSS

Ships Garments for French Children
Our local Red Cross, ever ready to lend an ear to the cry of need, has just finished and shipped ninety five petticoats for French girls. They were sent to Cleveland and from there will be shipped to France. Persons who failed to finish their garments for this shipment will try to get them ready for another shipment which will be made soon. "Inasmuch as ye have done it unto the least of these my little ones ye have done it unto me."

HOUSTON BINGHAM HOME

Houston Bingham, of Hymyar, was in town Tuesday having recently returned from France where he served eight months in the Medical Department of the Fifth Army Corps. His duties consisted of first aid at the back of the lines and he says his unit handled about three hundred cases a day, most of them being wounded Germans who had been captured and seemed glad they were out of it and in the hands of Americans. They were pretty well done up thru hunger and lack of rest. Mr. Bingham was in England and was greatly pleased by its beauty. He will take up railroad work for the future.

MINE FOREMAN AND FIRE BOSS EXAMINATION

The Board of Examiners will meet at the office of the Chief Inspector of Mines, Lexington, Ky., on the fourth Monday of May, (the 26) to hold examinations of applicants for Mine Foreman and Fireboss Certificates.

Before one may enter the examination, he must pay a fee of \$2.50 to the Auditor of Public Accounts, Frankfort, Ky., and present the receipt therefor to the Board of Examiners.

C. J. Norwood, Chief Inspector of Mines, Lexington, Kentucky.

KNOX COUNTY GETS TEST MEETING

Temporary organization was entered into at a meeting at the First National Bank Thursday when B. J. Sandman, special agent for the Louisville Board of Trade and the Kentucky Bankers Association, put the question to the meeting as to whether or not the County wished to secure the tent meetings dealing with agriculture, education and health. It was decided to accept same. R. W. Cole being appointed temporary chairman and Fred Burman, secretary. The secretary was instructed to call a meeting for Monday, May 26, at 1 p. m. when permanent organization will be adopted. You are invited to attend and bring some one with you. Ladies are urged to be present.

WOMANS STUDY CLUB

The Womens Study Club held its regular meeting with Mrs. S. T. Steele on Tuesday afternoon, May 13 at 2:30 o'clock. There were twelve members present. The Secretary read several communications one especially interesting to the club members from Countess M. De Leidenkerke, President of the Purple Cross of Belgium, a benevolent society in that hapless land, which looks after the country's helpless orphans, maintained by people in America. The child adopted by the club is known as No. 20 and is very thankful for the opportunity of going to school and to the club for the adoption.

A letter was received from Stato Chairman of Library Extension Committee, urging that the club women of Kentucky raise 10,000 books for the boys overseas, during the month of June.

The following program was then presented: "Japanese Intervention in Siberia," Mrs. Richardson. "The American Legion," Mrs. Ralston. Mr. James Archer addressed the club on "Work in the Canteen with the American Army." This talk was much enjoyed and appreciated. Numerous pictures and souvenirs were displayed which fully demonstrated that our YMCA and YWCA were on their jobs in the front line trenches serving the boys as they fought.

After adjournment, delicious ice cream, cake, coffee and mint were served by the hostess.

The last meeting of the year will be held with Mrs. W. H. Lay, Monday, May 26, to arrange for the "outing" at Dishman Springs on Tuesday in honor of Miss Martha Potter, of Bowling Green, and Miss Somersday, of Cincinnati, the Demonstrators sent out by the State Federation to lecture and demonstrate food values.

VOTERS ATTENTION

Saturday May 24th, from 1 p. m. to 6 p. m. the polls will be open for you at the graded High School. Go and cast your vote in the School Bond issue and put Barbourville school where it should be.

FRANK P. OWENS

Meets Tragic Death Sunday

Frank P. Owens, who with his son Fred P. Owens, ran a mercantile business at Grays, Ky., met death from a self-inflicted wound Sunday morning.

The family, with the exception of little Maxine Vears, granddaughter of deceased, were out feeding the stock. Mr. Owens who still used crutches as a result of a broken thigh, having remained in bed. When the family reappeared they were informed by Maxine that she had heard a noise in her grandpa's room. On investigating they found Mr. Owens lying dead with the top of his head blown off. He had risen and put on his underclothes when, moved by one of those impulses which are both inexplicable and irrevocable, he picked up a gun, placed it under the temple above the right eye and pulled the trigger. The result was instant death, part of the contents of the head being blown into the next room.

Deceased had friends by the score who will regret the rash act which proved such a terrible shock to the family and community.

Interment took place Monday with a large number of friends at the cemetery.

JUDGE J. H. DAVIS PASSES

The death of Judge John H. Davis occurred at the family home Monday morning at 2 o'clock following a sickness of some months.

Judge Davis numbered his friends in Knox County by the thousand, having been in public life for many years. At one time he was County Judge, County Court Clerk, Assistant County Court Clerk and also practiced law. His life was straight and clean and he leaves an honored name to his three sons, John, Will and Joe, the latter of whom, with the widow lives in Barbourville.

The funeral took place from the Baptist Church, Tuesday, May 20th, at 10 a. m. Rev. H. L. Grant preaching the funeral sermon. The interment was in City Cemetery, the pall bearers being the church deacons, Messrs. E. W. Roach, P. D. Brittain, W. F. Anis, H. F. Purker, E. E. Evans and John Parker.

MAY LOSE NIGHT MAIL

The fact that the street car will probably be put out of business because the owners will find it too expensive to take up the rails, pay their proportion of the asphaltting and relay heavier rails, may result in another privilege being taken away from our citizens.

At the present time the Jones Hotel acts as assistant postmaster to the public. They are able to do so because the car carries down their man and the mail to the depot at 11 p. m. Should the street car be put out of business, this privilege will have to be dispensed with and letters written later than 7 p. m. will have to remain over till next morning.

What this town needs is an organization to handle just such difficulties but it does not have one and has to muddle along as best it can.

OIL NEWS

G. W. Hammons and E. K. Cateba, oil drillers, left for the Irvine oil fields Monday.

Willard Rouse Jilison, Kentucky State Geologist, was here for some days looking over the oil structure of Knox County and makes an exceedingly favorable report on the oil prospects.

C. R. Dullin, oil operator, who opened up the Irvine pool is now in Clay County looking after his gas production and is moving on to a new location. He is also putting in a carbon black plant, using his natural gas wells at Big Springs for lings at the north end of Knox Co. where it is thought he will do some deep testing.

Mark Wymond has brought in a new drilling machine and is starting a new well on the Miracle lease. He is getting his other four wells to pumping and shaping up his leases.

F. M. Bryson, of Lexington, Vice President and General Manager of the Ken-Flo Co., is in town looking after the interests of that go-ahead company.

The Ken-Flo has some good stuff on the Morris lease on Little Richland and has brought in a new 24 Star drilling machine and all necessary equipment to push the work along. This is one of the centers of excellent production and next door to them is the Bingham lease where a 25 barrel well was brought in last week. The prospects for the Ken-Flo are excellent. The stockholders of the company are said to be mostly Lexington and Paris people who already have three producing wells giving 30 barrels a day. It is only a matter of time when someone will go deeper and Knox County will be put in the class of big producers with millions of dollars worth of liquid oil flowing from the ground. What is needed is nerve to go after it.

John C. Main is at Lexington this week organizing a Clay County Oil Company.

The Kentucky Development Co. is connecting the Valentine well on Richland to a pump. This company is said to have spent \$30,000 in Knox County already in leases and other items.

Messrs. McDermott, Main and Hershberg have bought the L. W. Hampton lease with three fully equipped wells and will begin pumping at once.

The Bingham Oil Company has a well due this week.

BOOKLET ON KENTUCKY

G. A. Park, General Immigration and Industrial L. & N. R. R. Agent, Louisville, Ky., has prepared a splendidly gotten up booklet on Kentucky which may be had for the asking. It is beautifully printed and deals with prize winning horses, cattle, sheep, wheat, corn, tobacco, hay, sweet clover, dairy products, hamp, chickens and turkeys, potatoes, sweet potatoes, cotton fruit growing, trucking, rural activities. In fact it is a splendid compendium of useful information. Write for a copy.

A BIG CHANCE

To Get Next To A Good Thing

While we are working for good roads our officials should not overlook the fact that Clay County has put thru a bond issue for \$250,000, which, with Federal aid, will mean some \$750,000 more or less.

It will be up to us to connect with the Manchester road and to get the benefit of the big investment Clay County is making. The logical route is thru Knox County, but if we fail to make a proper connection and leave a long stretch of bad road, Clay County may find it advisable to look elsewhere for a connection that will not leave a missing link at the terminus of its good roads.

This matter should receive immediate and practical attention.

SHOULD HAVE NEW DEPOT

The need of a new depot for Barbourville is apparent. In the first place, the present one is too small for the passenger traffic and secondly, it lacks the artistic in every way. We think it the duty of our citizens to get together and put the matter of a new depot up to the L. & N. people and see if something cannot be done toward a bigger and better one.

JUST FOLKS

The Follower of Midas.
Folks are awfully human are they
not? And some of them lose their
humanity. There is the fellow who
can read but doesn't, except the de-
nomination of the bills he handles
and, by the workings of the law of
nature, the desire to have and to
hold more and more greenbacks finally
dominates his mind until he be-
comes an excellent money making
machine and so passes to the eter-
nities with the best part of his
make-up uncultivated. He is an un-
desirable citizen, not given to char-
ity, good works or civic advance-
ment. Harried, he represents dust
to dust and contemptuous memory.

IS NOW GOVERNOR

LI. Gov. Jas. D. Black became
Governor of Kentucky at noon, May
19th, when Gov. Owsley Stanley took
the oath of office as United States
Senator in Washington. The inaugu-
ration ceremonies were without any
special features.

STREET WORK PROGRESSING

Citizens are greatly interested in
the street work now being done on
Black, Pitzer and Main. They are
beginning to realize what it will be
to have the town lifted out of the
mud and placed in the class of paved
cities. When the work is completed
Barbourville will feel a pride in its
streets and in the Council which
built them that won't rub off.

It is of interest to know that
Main Street will be the Dixie High-
way entrance to town and will thus
bring the automobiles to the city.

WALKER WHISPERINGS

Farmers are almost done plant-
ing corn.

Good prospects for a blackberry
crop. Home canners note.

Keeps us all busy fighting later
bugs. When the locust comes, it
will give us something to do.

John Williamson has been danger-
ously sick since Saturday, but his
many friends are happy to learn he
is somewhat better.

Dan Lester, of DeWitt, was the
guest of the Walker family Sunday
evening.

D. M. Walker is in Harboursville
this week.

Howard Smith, who has been
working overseas for Uncle Sam, ar-
rived home Saturday.

Mrs. Chester Carnes and Mrs. Abe
Hammond and children, of Rich-
mond, Ky., are visiting friends and
relatives here.

George Hingham and family visit-
ed Mrs. Dick Epperson at DeWitt
Sunday.

Miss Rachel Hingham of Hingray,
and Miss Florence Warren of De-
Witt, took dinner with Delaria Wal-
ker Sunday.

Church at Old Good Hope Sunday.
Big crowd.

Oscar Walker is the strongest
young man in this place. This was
proved Sunday when he had a 130
pound young lady on each arm.

Dave Hingham was the guest of
the Carnes family Sunday.

Some of the boys got left Sunday
but boys don't give up. If at first
you don't succeed, try, try, try a-
gain.

Oscar Walker and Miss Lizzie
Carnes were the guests of Miss
Frank Ingram Sunday.

James Hingham and Fox Hens-
ley made a flying trip to Barbour-
ville Wednesday.

Plenty of rain and plenty of mud
but good prospects for plenty of ta-
lers and bread.

Parent Teachers Association

The meeting of the Parent Teach-
ers Association on last Friday,
marked the closing of the second
year of work done by this splendid
organization. The Parent Teachers
Association of Barbourville was or-
ganized for the purpose of bringing
the citizens of the town into closer
touch with the work of the Public
School. It has proven itself to be
one of the greatest assets of the
school, as the following report will
testify. On last Friday full reports
of the work done during the past
year by each committee of the or-
ganization, were read and it was
not until these reports were heard
that the members themselves real-
ized just what the Parent Teachers
Association has meant to the school
and the community in a financial
way alone and no one can estimate
its value in other ways. Much cred-
it is due our very capable president,
Mrs. C. F. Heidrick, for the success
of every phase of work undertaken
during the past year. She has de-
voted much time, thought and work
to its every interest, and in the face
of many odds, has brought the asso-
ciation quite successfully thru a
most trying year.

We believe the public at large is
interested in the work and so we
present in condensed form the finan-
cial report for the closing year:—

SENIOR CLASS FUNERAL

"Exceedingly clever" was the ver-
dict of those who witnessed the
"The Funeral" of the Senior Class
of the High School Thursday night.
The touch of originality including
the "mourning" programs got next

the numerous numbers helped to
completely captivate those present.
The Class, as well as those who
took a hand in the training, are to
be congratulated on a real success.

It Takes Two Things to Make a Good Oil Company and Be Successful—

OIL LAND AND HONEST MANAGEMENT

Block 30 of the Wichita Valley Lands is the Munger Ranch. It has long been known to
hundreds of people in and around Wichita Falls that there is oil on the Munger Ranch.
The Munger Well proves this. As shown by the map our shallow well will be drilled offset-
ting the Munger well. Thirty acres is sufficient to put, at the very least, thirty shallow wells
on. It is generally admitted that the Watkins well, within 2 miles of us, is producing 75
barrels of oil daily. This oil sells for \$2.50 per barrel. Thirty wells producing 75 barrels each
makes 2,250 barrels per day. If we allow the 50 cents per barrel for expenses and royalty,
the Munger Ranch Oil Company will have a net income of \$4,500 per day, or \$135,000 per
month. On our capitalization this will enable us to pay a monthly dividend at 225 per cent.
These figures are the lowest estimate, and everybody who knows will tell you we can't miss
the shallow oil.

We will also drill a deep well—1,850 feet if necessary. We are going to drill a deep well
because the trend of the deep oil seems to be through our land, and because geologists and
the best informed oil men think there is deep oil also on the Munger Ranch. The Kemp-
Munger-Allen Oil Co., which company is backed by some of the wealthiest and most success-
ful men in the Southwest, is drilling a deep well on their holdings, which are within 800
yards of our land. If we get this deep well, Munger Ranch will be a repetition of the
Fowler bonanza. Fowler \$100 certificates selling for \$15,000.

You can hardly lose because we are nearly certain of the shallow oil. This alone will
more than double your money every month. If we get the deep oil also, every \$100 stock-
holder will be wealthy. Now is your golden opportunity. It is your duty to grasp it.

EIGHTH GRADE GRADUATION

Wednesday night, May 21, 1919,
a very interesting program was given
by the Eighth Grade Class, this
being their graduation night. Two
piano solos and one duet were given
by members of the class and also
three beautiful readings. Judge H.
H. Golden gave a fine address on the
theme of better schools. Prof. H. M.
Oldfield presented the Certificates of

MISS REDWITZ - HIGH SCHOOL PIANO RECITAL

Tuesday evening the pupils of
Miss Ruby Redwitz gave a piano re-
cital in the High School Auditorium.
The big Auditorium was packed by
a most appreciative audience.

The work of the pupils was a re-
velation to those present and a proof
that Miss Redwitz is not only an
accomplished musician but is also
capable of imparting technique and
brilliance of expression to her pu-
pils. The whole recital was most
enjoyable.

Even Light Duties Proved Difficult to Mrs. Guinn Before Using Trutona

Louisville, Ky., May 22. Mrs.
Lann Guinn, well known Louisville
woman of 2514 Woodlawn Ave., is
telling her friends and neighbors of
the relief she gained from Trutona,
the perfect tonic.

"I suffered from nervous indiges-
tion, constipation and loss of ap-
petite," Mrs. Guinn said recently. "I
was so nervous I could hardly toler-
ate the presence of anyone in the
house. I couldn't sleep and would
often just wander around the house
at night. I never felt like doing
even the easiest household duties.
I feel like a woman made over-
gain, since taking Trutona. It has
helped me in every way. My hus-
band thinks Trutona has performed
miracles for me. I think Trutona
is the most wonderful medicine in
the world. It does all and is more
than is claimed for it. It's a won-
derful medicine for weak, nervous,
run down women."

As Mrs. Guinn says, the perfect
tonic is remarkable as a reconstruc-
tive agency and especially so after
attacks of pneumonia, influenza and
the like.

Trutona is now being introduced
and explained in Barbourville at the
Costello Drug Co.

HOSTESS HOUSE FAMILY REUNION

How It Happened to Entertain
Only A. E. F. Mother Who Visited
Army of Occupation.

BIG CORPORAL DUTIFUL SON.

No Knightly Courtiers Ever Acted With
More Gallantry to Lady Fair Than
Did He and His Doughboy
Pals to This Little White
Haired Woman Dressed
Exquisitely in
Black.

By GRACE GOULDER.
(With the American Y. W. C. A. Overseas.)

Coblentz, Germany.
March 28 (By Mail.)

It happened right here in Coblentz. A big corporal came into the Y. W. C. A. Hostess House and asked for the director, Miss Ruth Woodsmall, who comes from Colorado Springs, Colo. "Could my mother stay here?" he began at once, trying his best to cover his excitement.

"Your mother?" gasped Miss Woodsmall. "How did your mother ever get here?"

"Well, she isn't here yet, but if she comes will you keep her?"

"Of course I will, but—"

She didn't finish, for the boy had snatched his cap back on his head and was out of the door in a run.

The corporal's visit remained a mystery for two days. Then one evening just at dusk a little white haired woman dressed exquisitely in black appeared in the sitting room of the Hostess House, and the corporal was hovering behind her, trying to be beside her and back of her and in front of her all at once. He was carrying her coat—a big fur one. With them were three doughboys, pals of the corporal. They tried to keep in the background, but their eyes were glued on her face.

Everyone in the sitting room sat at attention. There are no English speaking men or women out of uniform in the Third Army area. Yet here was a woman in civilian clothes. Mothers are unheard of with the army. But this was a mother, everyone knew. After awhile someone found out about this mother.

Had Been Interned During War.

She and her husband, who were born in Germany, but had been naturalized, lived in San Francisco. Before the war they left for Weissenau, Germany, that their invalid daughter might have treatment at this famous health resort.

They brought their other children with them. One was Walter, a small boy, and the other was Ralph, now Corporal Stepp of the American Army.

When the war was declared they sent Ralph back to America, because he was of military age, and they did not want him to fight for the Kaiser. Then America entered the war.

Mrs. Stepp—Mrs. Anna Stepp she is—told this part of the story:

"Until a month ago I hadn't heard from Ralph for two years and a half—even before America got in the war and he was held up. I didn't know whether he was in the army or not—but I was sure he was, because—well, because he is an American." Here she stopped a minute to smile up at him.

"After awhile we heard from some friends that he was in the army—and that he had come over here. That was all I ever knew. It's nearly five years since I have seen him!

"Of course it was awfully hard—I couldn't get word to him and he couldn't to me. My husband used to tell me it wouldn't help Ralph any for me to cry. I tried not to—before the rest of them anyway. My daughter got worse steadily—she is no better. We couldn't get the proper food for her after awhile. And she hated to see me worried about Ralph, so I used to try to keep up before them.

"Last January my husband came to Coblentz with his citizen papers. An American soldier in Ralph's company who was in the office heard his name and asked him if he was any relation to Ralph. He didn't tell him Ralph was in Coblentz, but went after Ralph. He didn't tell Ralph his father was here. When they met they couldn't believe their eyes.

"Ever since then I have been trying to see Ralph. He couldn't come to Weissenau because it was out of the American area, and I couldn't get through until today—more than two months."

"They asked her if her Ralph had changed much in all that time. "Oh, yes—very much. But do you know, I think it is because all that long time when I didn't know where he was or how he was—I got in the habit of thinking of him as he was when he was a baby—I kept seeing him as a baby and remembering the way he felt when he was little. Isn't that queer? And now look at him!"

And the corporal tried not to see the admiration in her eyes.

"Five years is a long time to wait to see your boy," she murmured, and kept her eyes on him. Again she had forgotten the people around her.

The corporal cleared his throat. "This is why I ask if you could keep my mother, Miss Woodsmall, I didn't want her to come unless she had a good place to stay. Ah, e-e—thanks awfully."

And that is the story of how the Hostess House happened to entertain the only known A. E. F. mother who has visited the Army of Occupation.

Y. W. C. A. Provides Home For Actresses at Camp Dix, N. J.

Actresses who play in the Liberty Theater at Camp Dix, N. J., find a touch of home in the Players' House which the housing committee of the Young Women's Christian Association, of which Mrs. John D. Rockefeller, Jr., is chairman, operates for them. Because of the distance from any town where they might stay, it was necessary to provide some sort of living accommodations for the actresses. The Y. W. C. A. built the house, supplying it with all conveniences such as sewing machines, washbasins and ironing boards. Camp Dix, L. I., has a similar house.

Their Medicine Chest For 20 Years

It is characteristic of folks after they pass the allotted "three score years and ten," to look back over the days that are gone and thoughtfully live them over.

I find myself, at seventy-one, frequently drifting back a quarter of a century, when I can say in the little drug store I owned at Bolivar, Mo., making and selling a vegetable compound to my friends and customers—that was then known only as Dr. Lewis' Medicine for Stomach, Liver and Bowel Complaints.

For many years while I was perfecting my formula I studied and investigated the laxatives and cathartics on the market and became convinced that their main fault was not that they did not act on the bowels, but that their action was too violent and deadly, and upset the system of the user, which was due to the fact that they were not thorough enough in their action, some simply acting on the upper or small intestine, while others would act only on the lower or large intestine, and that they almost invariably produced a habit requiring augmented doses.

I believed that a preparation to produce the effect must first tone the liver, so the stomach and entire alimentary tract. If this was accomplished, the waste would be eliminated, the waste without the usual reaction, and make it of better use.

Experimenting with hundreds of different compounds, I at last perfected the one that is now known as Nature's Remedy, which I truly believe goes far

and does more than any laxative on the market today. The thousands of letters from users have convinced me I was right, and that the user of Nature's Remedy as a family medicine, even though he may have used it for twenty-five years, never has to increase the dose.

My knowledge of medicine and the results of its use in my own family and among my friends, before I ever offered it for sale, caused me to have great faith in Nature's Remedy from the very first.

And now as I find myself nearing the age when I must bow to the inevitable and go to another life, my greatest pleasure is to sit each day and read the letters that each mail brings from people as old or older than I, who tell of having used Nature's Remedy for ten, fifteen and twenty years, and how they and their children and grandchildren have been benefited by it.

It is a comforting thought, my friends, for a man at my age to feel that aside from his own success, one has done something for his fellow man. My greatest satisfaction, my greatest happiness today, is the knowledge that tonight more than one million people will take a Nature's Remedy (N.R. Tablet) and will be better, healthier, happier people for it. I hope you will be one of them.

Y. W. C. A. UNIFORMS TO CLOTHE STUDENTS

Suits Worn by War Workers Will
Be Given to Penniless Students
in Switzerland.

Official uniforms of the Young Women's Christian Association minus the Blue Triangle, the Association insignia, will be worn next winter by Y. W. C. A. students who have been stranded in Switzerland during the war and who, because of lack of funds, inability to re-enter their native country, a desire to finish their university courses for because they have no family to which to return, will remain there next year.

Elizabeth M. Clark, who has been in Switzerland for ten years under the World Student Christian Federation, has appealed to the National Student Committee of the Y. W. C. A. for clothing for the 300 foreign women students in Switzerland. The scarcity of clothing last year among these almost penniless students made it necessary for two girls to share one coat, so that only one could go to classes or go out of doors at a time.

Four large packing cases of all kinds of used clothing, save hats, which is in good condition, have been collected hastily from women college students in the New England States, Ohio, West Virginia, Pennsylvania, Maryland and Delaware by the Student Committee of the National Y. W. C. A. to be sent over in response to Miss Clark's appeal. This clothing will be dyed, cleaned and made over in Switzerland.

In addition to the clothing collected from students in colleges nearest New York a case of uniforms, which have been turned in by Y. W. C. A. secretaries who did war work, and the official gray uniform blouses is being sent. As uniforms are being turned in by war workers they will be cleaned by the Student Committee, which will remove the insignia and prepare the uniforms

so that they may be worn by these women who have been forced by world events to remain in Switzerland for several years.

QUEEN MARIE INVITES Y. W. C. A. TO RUMANIA

Extends Invitation to Overseas Workers in Paris.

Paris, April 21.—Queen Marie of Rumania, following a conference with a representative committee of the American Y. W. C. A., held at the Hotel, Paris, has invited the American Young Women's Christian Association to come to Rumania and open work under her patronage.

Among the representatives of the Y. W. C. A. present at the conference were: Miss Harriett Taylor, head of the American Y. W. C. A. work overseas; Miss Mary Anderson of Hudson, Wis.; Miss Mary Longdon, head of the Y. W. C. A. industrial work in France; Mrs. Margaret B. Fowler of Pasadena, Cal.; and Miss Charlotte Niven, head of the Y. W. C. A. work in Italy. A notable guest at the meeting was Madame Caturji, wife of the secretary of the Rumanian legation in Paris.

MAKING CITIZENS OF ALIENS

Excellent Work Done Through Classes Conducted Under Auspices of Bureau of Naturalization.

Many aliens who enter the naturalization courts as candidates for citizenship are much better grounded in the knowledge of American government and institutions than the average native of this country. Indeed, some aliens are able to answer questions that the judges themselves are not able to answer off-hand.

The reason for their excellent knowledge of the American government lies in the care taken by the citizenship classes, now conducted in public schools throughout the country by the bureau of naturalization, department of labor, to inculcate thorough familiarity with the institutions of the land of their adoption. The courses given by these classes are designed to raise the standard of citizenship by insuring a preparation adequate to meet the requirements of the most exacting state laws.

Naturalization is a somewhat complicated process at best, for not only must the alien satisfy the requirements of the state in which he expects citizenship, but he must also meet the demands of the naturalization court, which has the right to reject his application, at its own discretion.

The citizenship classes aim to make the way to citizenship as easy as possible for men and women who are willing to fit themselves for it—right.

SPRUNGING UP UNDER FIRE

Soldier in the Trenches Wielded Razor While Enemy Shells Were Passing Above Him.

The sailor who can shave himself in a storm has found his match in the soldier Walter Ehrmann, a Kansas City man, now at the Argonne front. Ehrmann was with a medical corps and as he passed into No Man's Land with the stretcher bearers, he noticed a youth in khaki hiding in a shell hole.

"He had a mirror between his knees," writes Ehrmann, "and he was intently shaving himself. Which is to say, that, between nets, he'd now a scowl on his face. Whenever a shell would come over he would duck expertly, only to resume his interrupted task in moments of what you might call peace.

"Hey, buddy, do you need a shave that bad? I asked him.

"Aw, my mug's so damn dirty, I had to have it," was his reply.

"And here's another: One of our medics found a pair of hair clippers on the field, and while he was waiting in a shell hole with a doughboy until an enemy barrage should lift up, he clipped that doughboy's hair as nice and stylish as you please. (I'll hardly let him in when he returned to the trench, he looked that different."

Tim Healy's Wit.

The resignation of Tim Healy from parliament, says a writer in THE IRISH, means that the house will lose its greatest wit. I recall, from his inimitable list of witticisms, his description of a bill to which he objected as the offering of "a headache of the Irish office," while he once declared that the making of the late Sir Henry Campbell-Bannerman into chief secretary was an attempt to govern Ireland with Scotch jokes. One of Tim's most exquisite humblings, however, was during a divorce case, when he said that "the spectacle of his learned friend's client crying in the witness box was the greatest miracle that had ever happened since Moses drew water from the rock."

Ministry of Knitwear.

With real regret a good many of our ladies will lay aside their knitting needles at the word that their industry has supplied the immediate needs of the soldiers and sailors. Their record of millions of sweaters, helmets and other protective gear is unexampled in the history of the world, and will be immortal in the grateful memories of the returning heroes. Those knitters did not need to begin their lesson of thought for others when they took up knitting. But having kept it at the forefront of attention for so long, they will certainly be eager to find other means of thoughtful ministry.—Congregationalist and Advance.

Was Good to See Her.

Mrs. William K. Vanderbilt, who is home on a furlough after four years of service in France, where she has been for the last 18 months director of canteens for the Red Cross, was just about to enter a New York shop the other day when she felt some one touching her arm. Turning, she was face to face with two husky doughboys that she had helped to nurse back to health in one of the "boy-scout" homes in France. "Mrs. Vanderbilt," one exclaimed, while both extended rough, work-hardened hands, "It's sure good to see you again. We don't forget old friends like you."

Kaiser's Sublime Vanity.

Of the innumerable stories told of the ex-kaiser's vanity none surpasses one concerning a little incident that took place on board a British warship a few years ago. The recently deposed emperor was being entertained at dinner during a visit to the British fleet, and when smoking began took up a cigar and looked around for a cutter. One not being handy, an officer immediately offered him a pen-knife, which William used and returned with the solemn remark, "Keep it and guard it well; one day it will be historic."

A FAMILY MEDICINE

In Her Mother's Home, Says This Georgia Lady, Regarding Black-Draught, Relief From Headache, Malaria, Chills, Etc.

Ringsboro, Ga. — Mrs. Chas. Gaston, of Theodora's Black-Draught, in fact, it was one of our family medicines. Also in my mother's home, when I was a child. When any of us children complained of headache, usually caused by constipation, she gave us a dose of Black-Draught, which would rectify the trouble. Often in the Spring, we would have malaria and chills, or trouble of this kind, we would take Black-Draught pretty regular until the liver acted well, and we would soon be up and around again. We would not be without it, for it certainly has saved a great deal of doctor bills. Just a dose of Black-Draught when not so well saves a lot of days in bed!

Theodora's Black-Draught has been in use for many years in the treatment of stomach, liver and bowel troubles, and the potency which it now enjoys is proof of its merit.

If you are not doing its duty, you will suffer from such disagreeable symptoms as headache, biliousness, constipation, indigestion, etc., and unless something is done, serious trouble may result.

Theodora's Black-Draught has been found a valuable remedy for these troubles. It is purely vegetable, and acts in a prompt and natural way, regulating the liver to its proper functions and cleansing the bowels of impurities. Try it! Inlet on Theodora's original and genuine. B 72

Jeff Moore is having a porch built on two sides of his pretty home on Main Street, next church hill. He is doing the brick work and Douglas Palmer and Farmer Hubbard the carpentry work.

Governor James D. Black was at Frankfort the latter end of last week accompanied by Mrs. Black who went to investigate housekeeping conditions at the Governor's Mansion.

Chas. R. Hignite has returned from Chicago and says that the weather was very hot there and air pleasant. Mr. Hignite was in the Whisky City in connection with a coal business.

Work is progressing nicely on the large porch being built by Geo. W. Tye. One will be able to just sit and sit during the warm summer nights and watch the fireflies ditting by beneath the glittering stars etc.

About 85 per cent of the gas consumers have agreed to the 4-cent rate. This rate will permit the Gas Company to continue in business and it is to be hoped they will get their franchise continued at this rate.

Miss Lenora Lewis, who has been in Cincinnati for several weeks with her mother, has returned to Fauble Speed Hall to complete her year's work in Union. She reports an improvement in her mother's health.

Mr. and Mrs. Jim Stansberry, of Union, attended the funeral of John H. Davis of whom Mrs. Stansberry is a granddaughter. Mr. Stansberry has accepted a position with the Cumberland & Manchester Railroad and will live in Barbourville hereafter.

Farmers along the Dixie Highway are to be congratulated on the fact that the road will run by them. We hope the farmers of other sections of the county will insist on getting good roads. They can get them by working together.

The editor had had to go slow the past two weeks owing to a crick in his back which prevented his back from meeting in spots. One of the latest outdoor sports he knows of is gathering news while carrying a long a well developed case of lumbago.

Barbourville is planning to establish a rest room. Why not one for Corbin in the Carnegie Library? Our out-of-town neighbors and good women from the country who come to town to spend their money are entitled to this consideration.

J. S. Hignite and wife have returned from St. Petersburg, Florida where they went last November. They had a most enjoyable time and think the climate superb. On their return they spent some days with Mrs. Hignite's brother, Jas. Hignite, of East Point, Ga. The latter is in the retail coal business.

Mrs. Cordie Gray and daughter, of Fighting Creek, were in town this week with a big load of pork sold and sold the whole lot to Claude Price. They expect to be back with another load before the stalk get too hard to use. Pork salubrious, attention!

The United States will have another great payday on May 15th, when 78 million dollars in Liberty Bond interest will be paid to the American people. If every bondholder clips his interest coupons and exchanges them for May War Savings Stamps at any post office or bank, this will grow to 93 million dollars on January 1st, 1924. Get your share! Every \$4.16 in War Savings Stamps will grow to \$5.00. Keep your Dollars growing.

L. A. Wilson, Government Director, Eighth Federal Reserve District.

Do You Enjoy Life?

A man in good physical condition is almost certain to enjoy life, while the bilious and dyspeptic are despondent, do not enjoy their meals and feel miserable a good share of their time. This ill feeling is nearly always unnecessary. A few doses of Chamberlain's Tablets to tone up the stomach, improve the digestion and regulate the bowels is all that is needed. Try it.

JOYFUL EATING

Unless your food is digested without the stomach of painful acidity, the joy is taken out of both eating and living.

RI-MOIDS

are wonderful in their help to the stomach troubled with over-acidity. Pleasant to take—relief prompt and definite.

The Civic League has put out a plot of garden in front of the Post Office. Good work.

The coal production business is beginning to show signs of life. Shortage of labor and production during the past few months has depleted stocks. If the government does not hand out another solar plexus blow to price fixing, as they did last spring, prices will again return to normal.

There seems to be some doubt in the mind of Government as to the professed patriotism of the "wets." The United States Revenue Bureau, it is reported, will appoint 3,000 deputy inspectors to do police work in the various zones of the country beginning July 1, to see that the prohibition law is enforced. Also, the Department of Justice will keep an eye on these "patriots."

LAME EVERY MORNING

A Bad Back is Generally Worse in the Morning. Backache People are Finding Relief.

A back that aches all day and causes discomfort at night is usually worse in the morning. Makes you feel as if you hadn't slept at all.

You can't get rid of kidney backache, until you reach the cause — the kidneys.

Doan's Kidney Pills are especially prepared for weakened or disordered kidneys — been gratefully recommended by thousands.

The following statement proves the worth of Doan's.

Henry Howard, Prospect Ave., Pineville, says: "About two years ago I had an attack of kidney and rheumatic trouble. I had sharp cutting pains thru my limbs and mornings I was so sore and lame I could hardly walk. My limbs were swollen and a dent remained in the flesh when I pressed with my fingers. My kidneys acted irregularly and the secretions contained sediment. Doan's Kidney Pills relieved the rheumatic twinges, regulated my kidneys and I was free from all the aches and pains in my limbs."

Price 60c. at all dealers. Don't simply ask for a kidney remedy — get Doan's Kidney Pills — the same that Mr. Howard had. Foster-McLure Co., Mfrs., Buffalo, N. Y.
